

SMARTECH INC.

Corp office : 3rd Floor, Sunrise Complex, Opp. S.S.G. Hospital, Salatwada Naka, Baroda-390 001.
Fax : 0265 - 2430430, Ph. : 0265 - 3028336, M. : 9825439692, 9558826179 • Email : smartechinc1@gmail.com

WORK : 109, Sundram Complex, Darbar Chowkdi To Vadsar Bridge, Makarpura, Baroda-390 010.

LEVEL

RF & Vibrating Fork Level Switch

- o Single point level switch
- o Temperature up to 350° C
- o Fast & easy installation
- o Suitable for liquids & solids

Magnetic Float Level Switch & Transmitter

- o Side & Top mounted level switch
- o Excellent for water, DM water & Fuel oil
- o Temperature up to 350° C
- o Flameproof enclosure also available

Economical Level Switch

- o Most economical & reliable level solution
- o Excellent for underground & overhead water tank level control & effluent tank

Ultrasonic Level Transmitter

- o Simple Push button Accurate Calibration
- o Measuring range upto 30 mtrs.
- o Excellent for water, chemicals, oil & solids
- o Built in temperature compensation

Capacitance Level Transmitter

- o Rod & Rope type
- o Measuring range from 0.2 to 3 mtrs. (Rod type)
1 to 20 mtrs. (Rope type)
- o Excellent for water & oil

Hydrostatic Level Transmitter

- o Measuring range from 0.25 to 600 bar
- o Excellent for water, waste water & oils

PRESSURE & TEMPERATURE

Relative Pressure Sensor

- o 2 in 1 Pressure & Temperature Sensor
- o Suitable for pressure range from 0.6 to 16 bar
- o Temperature range 0 to 100° C
- o Excellent for OEM Product for air & water

Differential Pressure Sensor

- o 2 in 1 differential pressure & temperature sensor
- o Suitable for pressure range 0 to 10 bar
- o Temperature range 0 to 100° C
- o Excellent for OEM Product for air & Water

Pressure Transmitter

- o Measuring range -1 to 600 bar
- o Wide application range

Temperature Transmitter / Thermostats

- o Measuring range -200 to 1600 ° C
- o Wide application range
