## Specifications

Measuring Range: 0.1 ~ 200 GU  
Stability:  $\pm 0.4$  GU/30Min  
Error:  $< \pm 1.2$  GU  
Accuracy:  $\pm 1.0$  gloss unit  
( against reference standard )  
Resolution: 0.1 GU  
Repeatability:  $\pm 0.5$  GU(0 ... 99.9)  
Nvironment Temperature: 0~40 °C  
Relative Humidity: No more than 85%  
Size: 136x44x78 mm  
Power Supply: Built-in 3.7V lithium Battery  
Weight: 350g (Including Batteries)

### Standard configuration:

- \* Main unit
- \* Carrying case
- \* Operation manual
- \* Calibration block

### Optional accessories:

- \* Bluetooth Data Output
- \* USB cable +Software

**Digital  
Instrument**
